OVERVIEW

Welcome to Aruba's only boutique resort catering exclusively to adults (18+). The European-inspired, 104-room Bucuti & Tara Beach Resort has welcomed couples for thirty-two years to an unrivaled and tranquil beach experience set in a most romantic atmosphere. **Bucuti & Tara is one Tripadvisor's Top 25 Best Hotels in the World for 2022.** For the seventh straight year, Bucuti is named the Tripadvisor Travelers' Choice Awards winner as the No. 1 Hotel for Romance in the Caribbean and No. 5 for Romance in the World.

The resort's passionate commitment to sustainability also reads like a beautiful love story. In August 2018, Bucuti & Tara achieved becoming the **first certified carbon neutral hotel in the Caribbean.** Bucuti & Tara continues proving that a memorable vacation and sustainability are *mutually inclusive*.

LOCATION

Nestled on 14 palm tree-studded acres on the widest, most secluded section of Eagle Beach, one of the "Dream Beaches of the World," Bucuti is tucked away from all of Aruba's high-rise hotels and only 15 minutes from the airport. Still, the resort is conveniently located nearby all major attractions including world-class shopping, a variety of restaurants, the Tierra del Sol golf course created by legendary designer Robert Trent Jones, and Arikok National Park.

ENVIRONMENT

Bucuti is as passionate about protecting the environment as it is caring for guests. The resort continues being a long-time leader in sustainable tourism. In addition to incorporating the highest level of eco-friendly practices into daily operations, owner and noted environmentalist Ewald Biemans spearheads several widely recognized environmental initiatives and is committed to educating guests and the local community on the importance of conservation.

The resort became the Caribbean's first and remains its only carbon-neutral hotel in August 2018 and has been recertified every year since. Bucuti & Tara became the world's first hotel to receive the Global 2020 United Nations Climate Action Award for Climate Neutral Now, which was presented in person at COP26 (Nov. 2021), where Ewald Biemans was an honoree and presenter. While there, he was named the sole hotelier to be a launch signatory for the Glasgow Declaration for Climate Action in Tourism. In 2022 at the WTTC 2022 Global Summit

in Manilla, Biemans was an originator and served as a launch signatory for the new WTTC [Hotel Sustainability Basics](#), or The Basics.

Bucuti & Tara is the first Caribbean hotel to achieve LEED Gold Certification under the new, most stringent requirements in LEED history, v4.1. In March 2020, Travel + Leisure magazine named Bucuti & Tara a 2020 Global Vision Award winner and was invited to serve on the 2021 Global Vision Awards panel. In August 2020, Green Globe awarded Bucuti & Tara with the first perfect score – 100% -- in the organization's history. In October 2019, Ewald Biemans received the coveted 2019 Phoenix Award, the pinnacle accolade for sustainable leaders from the prestigious Society of American Travel Writers. In July 2019, Bucuti & Tara delivered an encore performance as the recipient once again of the National Energy Award. The month prior, Ewald Biemans/Bucuti & Tara Beach Resort was the first-ever inductee into the Caribbean Hotel and Tourism Association's CHIEF Hall of Fame for Best Practices for Environmental Sustainability. In April 2019, Bucuti was the first-ever recipient of the World Travel & Tourism's (WTTC) Tourism for Tomorrow 2019 Climate Action Award. Biemans was a featured presenter at the WTTC's prestigious 2019 Global Summit, which was headlined by former U.S. President Barack Obama in Seville, Spain. Biemans was the first individual to ever receive the Gold Adrian Award – Leader in Sustainable Tourism presented by HSMAI and National Geographic in 2017 and was named the "Green Hotelier of the Year" in Caribbean Journal's 2014 Caribbean Travel Awards. Bucuti also holds the most eco-certifications in the region including LEED® Gold, ISO 14001 (first in the Americas), ISO 9001, Green Globe Platinum and Travelife Gold. In 2016, Green Globe named Bucuti the "Most Sustainable Hotel & Resort in the World" and named it to the new elite level of Green Globe Platinum.

In 2019, Bucuti & Tara introduced Let's Plant Aruba. The brainchild of Ewald Biemans, program founders kicked off the initiative of planting indigenous trees, including regional fruit trees throughout the island. Trees help against carbon dioxide output, provide shade, cool their surroundings and possibly bear fruit as Bucuti & Tara hopes to see as the first tree planted is a mango tree in the resort's courtyard.

"NO SURPRISE RATES"

With its signature "no surprise rates," Bucuti's nightly pricing includes all taxes and fees, a full American breakfast daily, local calls, Wi-Fi throughout the entire property and complimentary use of an iPad within each accommodation.

CONCIERGE REIMAGINED

Well before guests touch down in Aruba, Bucuti & Tara's expert concierge staff begins preparing their visit and working with each guest. That's because every resort guest has their own personal concierge. Upon arrival at the resort, their personal concierge greets them curbside and welcomes them in the newly unveiled entrance with a glass of Champagne. From there their concierge escorts guests directly to their room via tablet check-in. Without having to wait at a front desk, this seamless new arrival experience lets guests head to Eagle Beach to begin relaxing into vacation mode.

Bucuti's expert concierge team is available to provide general information and recommendations on activities and dining in the surrounding area, ensuring that guests experience the island and its unique Dutch culture. Honeymoon guests have the benefit of working with a dedicated **Romance Concierge** in advance of and during their stay to ensure their honeymoon is everything they have dreamed of and more. Excursions including island tours, hiking, snorkeling and scuba diving are a sampling of what's available. The concierge team is also available to provide guests with information regarding special events such as movies under the stars that are scheduled on property.

For travel needs, the concierge team is happy to arrange a car rental on property, check flight statuses and provide information on local transportation.
